The Baltimore Clayworks Scholarship fund was established in 1996 upon receipt of a generous gift from the Lipitz foundation. It was augmented by funds donated by friends and families in memory of Clayworks artist Andrew Brunelle and Jan Rattenbury, and by donations from concerned individuals.

In Claywork \_\_\_\_\_ class term (indicate session/date), scholarship funds will cover the full class fee for one adult class, including the initial 25 lbs. of clay included with the class. It will not cover firing and other materials costs.

A committee chosen by the trustees and staff at Baltimore Clayworks is administering the Baltimore Clayworks Scholarship fund. The staff and trustees assure applicants and their families that the financial information supplied here will be held in the strictest confidence. Financial need is a primary factor in the decision making process; however the committee is not bound by any established formula in making the awards. The committee seeks, in so far as possible, to balance responsibility for the stewardship of donated funds with applicants’ needs, commitment to ceramics, and concern for privacy.
